

Integrated Project Consultants (Pty) Ltd

www.integratedprojects.co.za

IPC has adopted the e-CLOUD Suite of Services to be use on our Projects by the whole Integrated Project Team.

We find that the use of these Services improves the overall communication and document access on Projects, resulting in a more efficient Project and cost and risk savings for the Client and all concerned.

The support that we obtain from the Contracts On-Demand staff is excellent.

IPC therefore has no hesitation in recommending e-CLOUD Construction Services, as tools in achieving professional successful results on Projects.

Martin Cloete,

A handwritten signature in black ink, appearing to read 'Martin Cloete', with a stylized flourish underneath.
