

PROCSA DOCUMENT ACCESS SERVICE Feb 2020

The PROCSA Document Access Service within the e-CLOUD Construction Suite of Productivity Services is available through the Internet via the PROCSA website and most of the PROCSA Constituent's websites, and through the e-CLOUD Construction website www.e-cloud.co.za. It is used to purchase PROCSA Client / Consultant Agreements.

Pro Suite Service

The Pro Suite Document Access Service is the Service that contain Document Suites that have productivity capabilities built into them. The major productivity facility is that the information about a new project only needs to be set-up once. This project information is then inserted automatically into any new Document purchased and created, irrespective of the Document Suite; saving a considerable amount of time in the completion of Documents.

Basic Suite Service

The Basic Suite Service is an alternative to the Pro Suite Service. It is more suitable for those who do not wish to register for Pro Suite with its productivity enhancing facilities and only want quick and easy online shopping for documents with e-mail and printing functionality via debit or credit card.
