

e-CLOUD Construction®

Newsletter - March 2020

General News

We are glad to announce that we have undertaken major service and systems developments over the past few months, that we believe will greatly benefit your company and also you as the user of our Services.

New e-CLOUD Construction Website

We are pleased to inform you that we have now launched our new Website that simplifies information and access to e-CLOUD Construction Services <http://www.e-cloud.co.za/>.

Social Media

We have made changes to our Social Media pages. To stay informed, follow us on Facebook and LinkedIn. Please "like" our new e-CLOUD Construction Facebook and LinkedIn pages by clicking on the buttons below:

Project-based Subscription Services

SYNERGY® PROJECT INFORMATION MANAGEMENT SERVICE

The SYNERGY Service provides your company with an easy to use, low cost, method of managing Project information and documentation, using the latest information and

communication technologies, on-line 24/7. It enables all members of the Project Team to have access to one, on-line repository of Project information and documentation.

PROJECT PROFILE® SERVICE

PROJECT PROFILE is an Internet based Service, that enables members of your Construction Project Team to create and update a Project Website Portal for your Construction Project. No programming experience is necessary as you only need to enter text and photographs in the form of image files. Updating can be done at any time and your Project Profile is accessible from anywhere in the world, 24/7.

Document Access Service

e-JBCC

We are now able to offer you an enhancement to the e-JBCC Pro Suite Document Access Service as it now contains over 60 Standard Template Letters that you can use to save time and ensure contractual compliance.

e-PROCSA

The new look and feel of Basic Suite and Pro Suite has been received very well by our users.
[Online Tendering System](#)

We have recently upgraded our online Tendering System that is available as part of our e-JBCC Pro Suite Service. This uses finalized JBCC Documents and saves you an enormous amount of time. Please access it and try it out.

Sign On-Demand

We are making it fast and easy for you to quickly circulate any Documents for final completion and legal electronic initialling and signature, so you can focus on the work of running your projects rather than wasting time on endless administrative functions and travelling. Sign On-

Demand is a cloud-based, e-signature Service offered by e-CLOUD Construction that uses Adobe Sign® and lets you replace paper and ink signature processes with fully automated electronic signature workflows. This Service is available as an option when you finalise any Document in the Document Access Service.
