

PROTECTION OF PROJECT INFORMATION

*In running "e-CLOUD Construction", Contracts On-Demand undertakes to preserve the confidentiality of our **Customer's** Project information and to do its utmost to ensure protection of its **Customer's** data from hacking and illegal access.*

Contracts on Demand agrees to host the Client's data in a data centre that satisfies Tier 2 standards and to back-up in a remote location **Customer Data** using industry standard back up tools and data security protocols and other methods reasonably deemed to be adequate for secure business data and to notify the **Customer** in the event of a breach of security or the loss of **Customer Data**. The **Customer** shall retain ownership of all **Customer Data** stored or retrieved in connection with the use of this Service.
